DUO. Dos familias en una: MINI & MAXI

Estético y muy funcional, este básico en nuestro catálogo es un diseño de Rafa García. El diseñador reinterpreta con audacia esta creación para actualizarlo con dos versiones más contemporáneas. Mini & Maxi son la nueva propuesta definida para satisfacer las necesidades de diferentes espacios, bien domésticos o colectivos.

Su carácter modular le confiere una identidad flexible y versátil, especialmente gracias a las nuevas medidas. La diferencia entre Mini & Maxi es el fondo de su asiento y la modulación disponible. Además, para que cada uno de los módulos pueda usarse de forma independiente, hemos perfilado sus acabados a todos los niveles, porque cada pequeño detalle cuenta.

En la versión Mini, las reducidas dimensiones y la sencillez de la modularidad disponible facilitan el amueblamiento de espacios recogidos y compactos, propios de las grandes ciudades. Éstos pueden funcionar sueltos a modo de silloncito.

Por otra parte, la versión Maxi propone ampliar el ancho de algunos módulos para obtener sofás de una sola pieza con generosas dimensiones. Su modulación es extensa e incluye módulos con brazo o sin brazo, módulos terminales, angulares y un puf que, articulados de forma variada, hacen posibles configuraciones casi infinitas, ideales para espacios públicos. También cabe destacar como novedad la posibilidad de realizar composiciones curvadas.

La amplia sentada de Duo Maxi permite jugar con cojines de decoración e, incluso, incorporar almohadones de respaldo extra.

Sus patas quedan ocultas, haciendo que su voluminosa silueta parezca flotar con ligereza sobre el suelo.

DUO. Two families in one: MINI & MAXI

Both aesthetic and highly functional, the Duo by Rafa García has been a staple in our catalogue since 2004. Eighteen years later, the designer has boldly reinterpreted his creation, replacing it with Duo Mini and Duo Maxi.

Their sectional character gives them a flexible and versatile identity, accentuated by new sizes. The main differences between Mini and Maxi are the depth of the seat and the modules available. In addition, each of the modules can now be used independently and we have improved the finishes as every little detail counts.

The Mini version’s reduced footprint, and the simplicity of its modules make it an ideal choice to furnish the compact spaces characteristic of large cities. Each module can even be used as a small, independent armchair.

On the other hand, the Maxi version extends the width of some modules to create single-piece sofas with generous dimensions. Its wide selection of modules includes elements with or without arms, end and corner modules and a pouf. They can be combined in a variety of ways to create almost infinite configurations, ideal for open public spaces. Another new feature is the possibility of creating curved compositions.

Duo Maxi’s deep seat enables the playful use of scatter cushions or even extra back cushions.

Its hidden feet make its voluminous silhouette appear to float gracefully above the floor.
